

FOUNDATION FRIENDS OF LUCERNE FESTIVAL

For more than 50 years, the Friends have been an indispensable partner of Lucerne Festival. They make a significant contribution to the financial security and sustainability of the Festival through their personal commitment and generous annual donations.

A central concern is to promote not only the Festival of today – for example, by supporting the Lucerne Festival Orchestra – but its continued development as well. The Friends thus support outstanding young talent within the framework of the Lucerne Festival Academy and Music for Future, thereby creating a basis for the artistic work of tomorrow.

The Friends of Lucerne Festival are anchored in the music city Lucerne and throughout the whole of Switzerland; at the same time, they are internationally networked. Friends are given an opportunity to deepen their concert experience through exclusive artist talks, meetings with music experts, and rehearsal visits, and in doing so they become part of a community of music fans as well as part of the Festival “family”.

It is a special concern of the Friends to attract young adults to the Circle of Friends and to benefit from their inspiration and input. This is why the Young Friends exist: they attend concerts at discounted rates together and meet regularly to share their passion for classical music.

The Foundation Friends of the Lucerne Festival was founded in 1966; the organization today comprises the following:
